About Roquefort Therapeutics

Roquefort Therapeutics (LSE:ROQ) is a Main Market listed biotech company developing products through the pre-clinical phase prior to partnering or selling to big pharma. The Company is a pre-clinical biotech company focused on developing first in class Midkine targeting drugs for the treatment of cancer.

Through extensive research resulting in validation through publication in over 1,000 scientific journals, Roquefort Therapeutics has identified the potential to exploit the broad therapeutic potential of Midkine for a number of clinical indications of unmet needs. Roquefort Therapeutics holds an exclusive licence to the largest global IP portfolio on Midkine. The Midkine blocking drug development markets have significant global market potential (in the multi-billion dollars). Roquefort Therapeutic's pre-clinical program is currently underway with an initial focus on cancer.
